

### 3.3 Identifying, Comprehension Activities

Find each bug described below.

a bug above a green circle  
 u      u u      u    ea    su kul

a bug inside a yellow square  
 u            ie    u        oa      kw ay

a bug beside a hat  
 u            i    ie    u

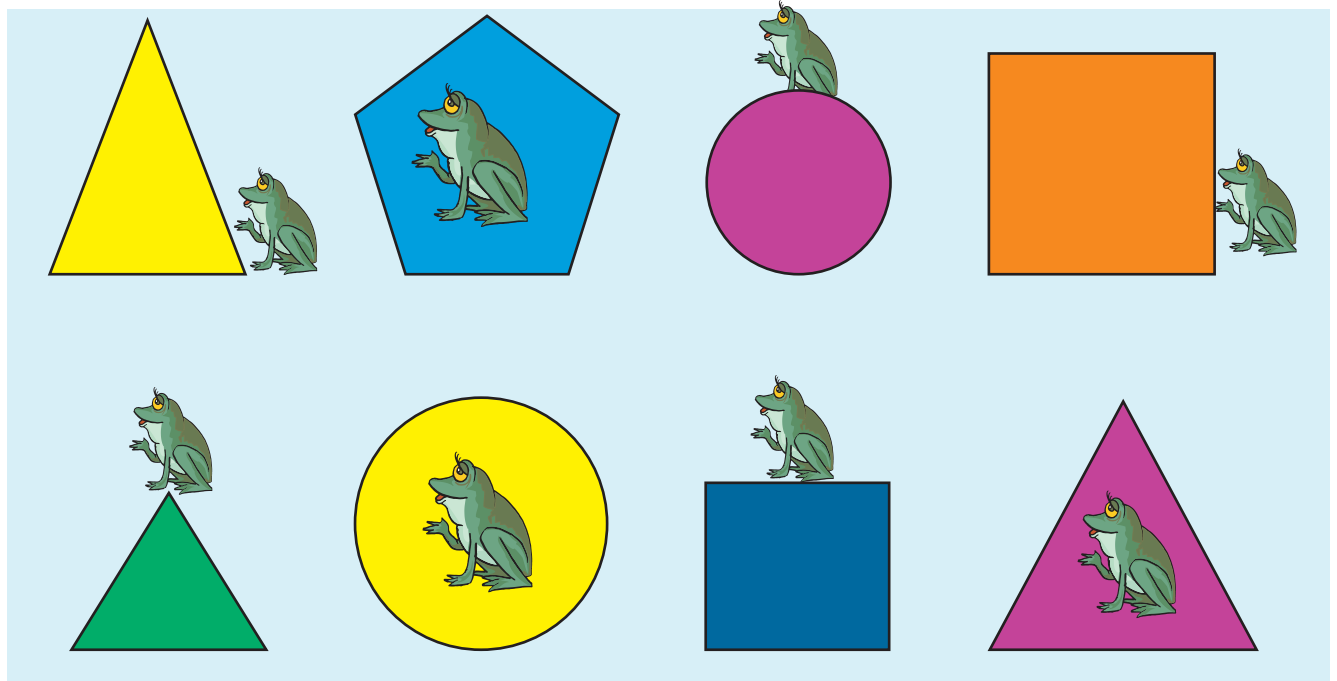

a bug inside a blue circle  
 u            ie    u        oo    su kul

a bug under a hat  
 u                    u    u

a bug beside a triangle  
 u            i    ie    u    ie    ul

a bug on a blue square  
 u                    u        oo      kw ay

a bug on a triangle  
 u                    u    ie    ul

Find each frog described below.

the frog inside a purple shape  
 u                    ie    u                    ul    ay

the frog on the square  
 u                                    u    kw    ay

the frog beside the square  
 u                    i    ie                    u    kw    ay

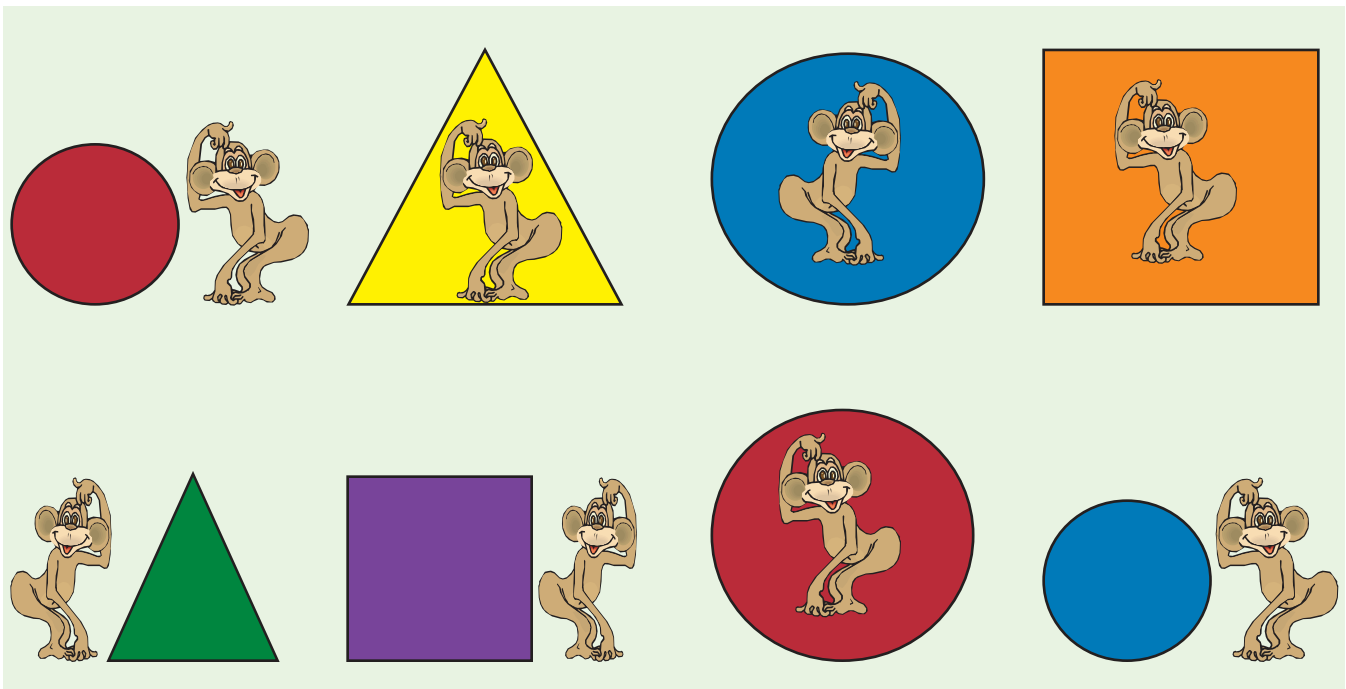

the frog on the purple circle  
 u                                    u                    ul    su    k    ul

the frog inside the yellow circle  
 u                                    ie                    u                    oa    su    k    ul

the frog beside the triangle  
 u                    i    ie                    u    ie                    ul

the frog on the triangle  
 u                                    u    ie                    ul

the frog inside the pentagon  
 u                                    ie                    u                    u

Find each chimp described below.

the chimp inside a red circle

u ie u su k ul

the chimp inside a square

u ie u kway

the chimp outside a triangle

u ow ie u ie ul

the chimp outside a square

u ow ie u kway

the chimp inside a triangle

u ie u ie ul

the chimp outside a blue circle

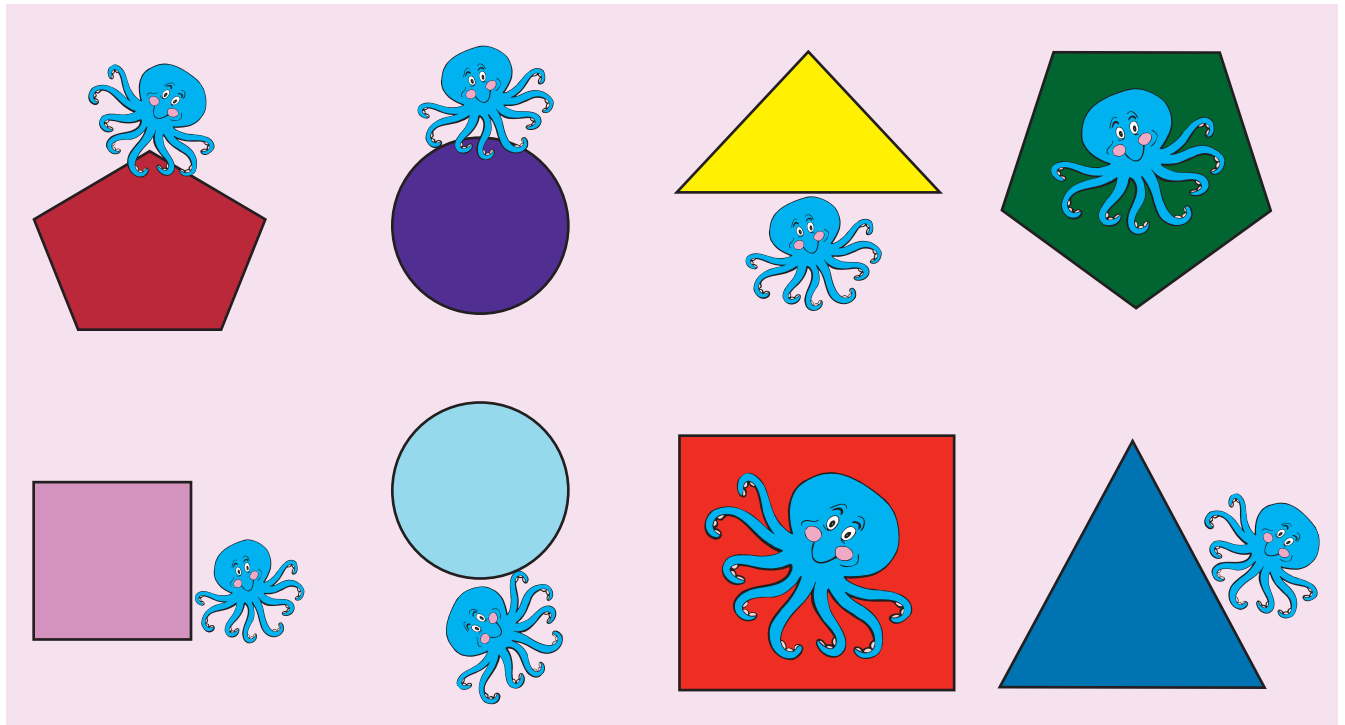

u ow ie u oo su k ul

the chimp outside a red circle

u ow ie u su k ul

the chimp inside a blue circle

u ie u oo su k ul

Find each octopus described below.

an octopus above a pentagon

k u ou u u u u

an octopus inside a square

k u ou ie u kway

an octopus below a circle

k u ou i oa u su kul

an octopus outside a triangle

k u ou ow ie u ie ul

an octopus above a circle

k u ou u u u su kul

an octopus inside a pentagon

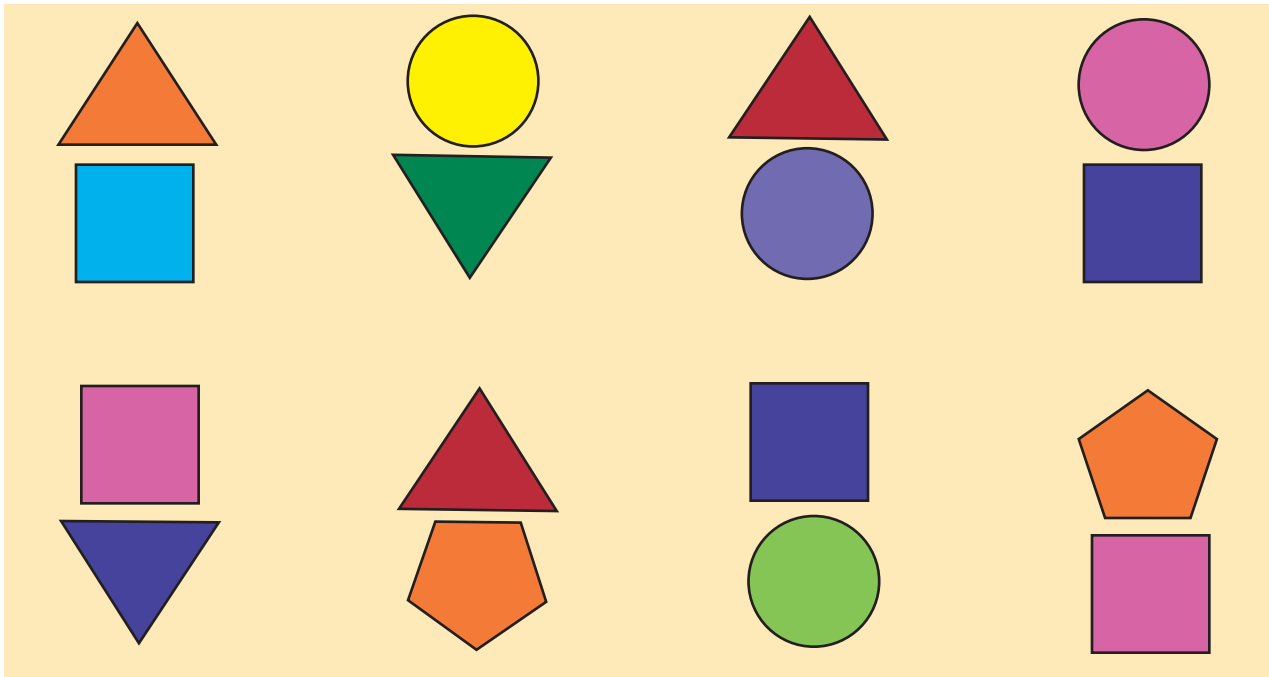

k u ou ie u u

an octopus below a triangle

k u ou i oa u ie ul

an octopus outside a square

k u ou ow ie u kway

Find each pair of shapes described below.

the circle above the triangle

u su k ul u u u ie ul

the square below the triangle

u kw ay i oa u ie ul

the pentagon above the square

u u u u u kw ay

the circle below the square

u su k ul i oa u kw ay

the circle above the square

u su k ul u u u kw ay

the triangle below the square

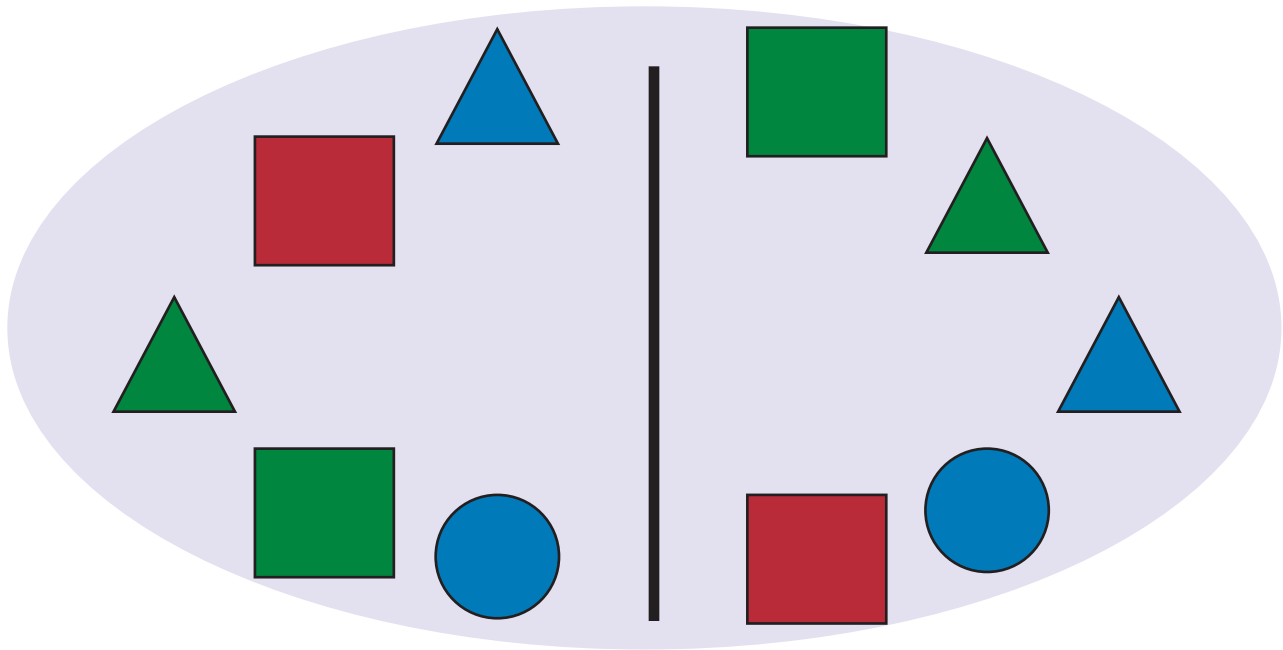

u ie ul i oa u kw ay

the pentagon below the triangle

u u i oa u ie ul

the triangle above the circle

u ie ul u u u su k ul

Find each object described below.

the red square on the right  
 u kw ay u ie

the green square on the left  
 u ea kw ay u

the green square on the right  
 u ea kw ay u ie

the blue triangle on the right  
 u oo ie ul u ie

the green triangle on the left  
 u ea ie ul u

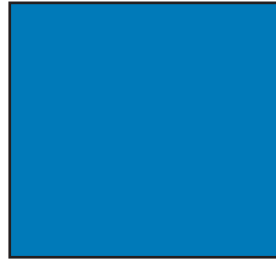

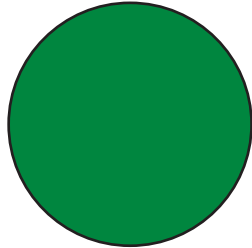

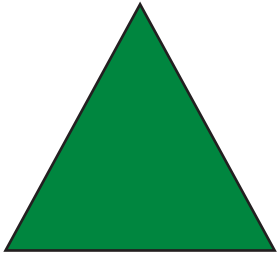

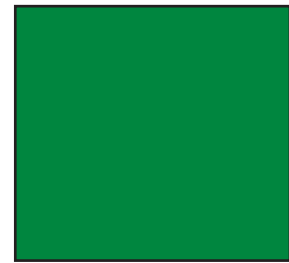

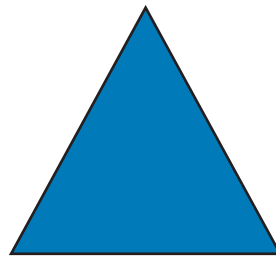

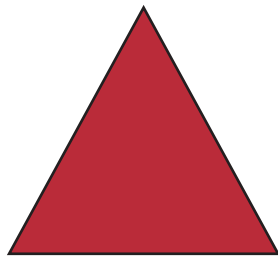

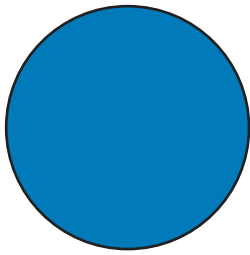

the blue circle on the left  
 u oo su k ul u

the blue triangle on the left  
 u oo ie ul u

the green triangle on the right  
 u ea ie ul u ie

the blue circle on the right  
 u oo su k ul u ie

the red square on the left  
 u kw ay u

Find each object described below.

the blue shape below a triangle

u oo ay i oa u ie ul

the red shape above a circle

u ay u u u su k ul

the triangle left of a circle

u ie ul uv u su k ul

the circle beside a red triangle

u su k ul i ie u ie ul

the blue triangle right of a red triangle

u oo ie ul ie uv u ie ul

the circle beside a square

u su k ul i ie u kw ay

the green shape above a square

u ea ay u u u kw ay

the red shape below a square

u ay i oa u kw ay

Find each picture described below.

I'm a girl with more than two balloons.

ie u u oa oo u z

I'm the boy with the most balloons.

ie u u oa u z

I have many blue balloons.

ie e ea oo u z

I have more than five balloons and less than eight.

ie oa ie u z ay

I have many balloons in my branches.

ie e ea u z ie z

I have more than one balloon and a wheelchair.

ie oa wu u u ea ay

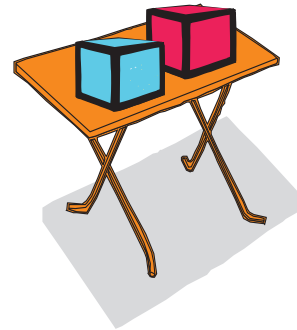

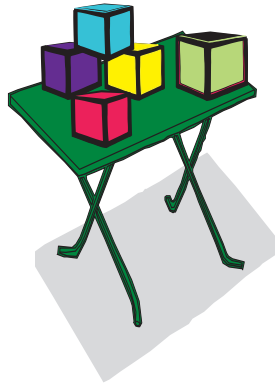

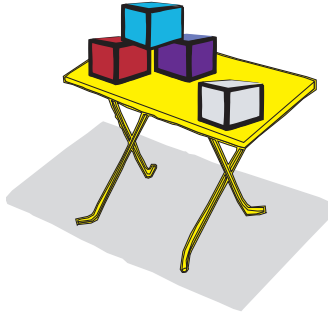

I have the most red balloons.

ie u oa u z

I have the most balloons with faces.

ie u oa u z ays z

Find each picture described below.

I have fewer blocks than the table above me.  
 ie            uoo u                            u ay ul    u u            ea

I have a few blocks.  
 ie            u yoo

I have the fewest blocks of all.  
 ie            u yoo                            uv o

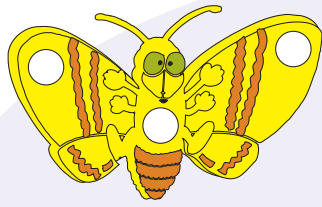

Every other table has fewer blocks than I have.  
 ea u    u ay ul            z yoo u                            ie

I have fewer blocks than the blue table beside me.  
 ie            uoo u                            u oo ay ul    i ie            ea

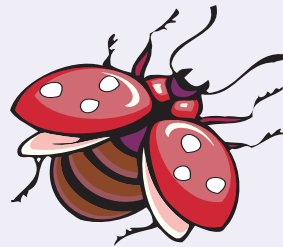

I have two fewer blocks than the blue table.  
 ie            oo yoo u                            u oo ay ul

The table below me has fewer blocks than I have.  
 u ay ul    i oa            ea    z yoo u                            ie

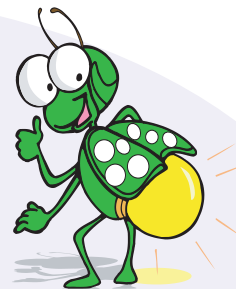

I have the fewest blocks on the bottom row.  
 ie            u yoo                            u            u oa

moth

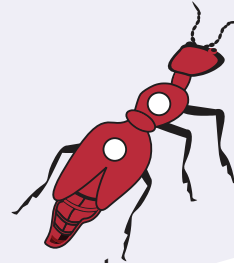

ladybug

firefly

bee

ant

Find each picture described below.

I have the fewest spots of all.

ie u yoo u v o

I have the most spots of all.

ie u oa u v o

I have a few spots.

ie u yoo

I have fewer spots than the other red bug.

ie yoo u u u u

I have more spots than the yellow bug and fewer than the

ie oa u oa yoo u u

green bug.

ea

I have more spots than a red bug and fewer spots than the

ie oa u yoo u u

other red bug.

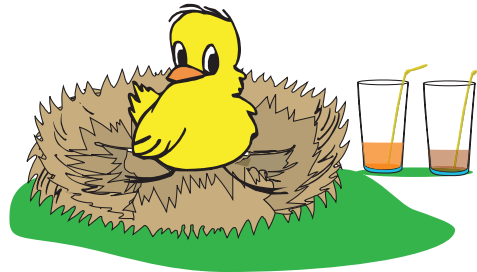

u u

I have the most spots of the red bugs.

ie u oa u v u z

I have many spots.

ie e ea

Find each picture described below.

I have a little less chocolate milk than the pig.

ie u ul k u i u

I have more orange juice than the bunny.

ie oa oa i j oo s u ea

I have more milk than the chick but less than the pig.

ie oa u u

I have a little more orange juice than the chick and less

ie u ul oa oa i j oo s u

than the bunny.

u ea

I have the most juice and milk of all.

ie u oa oo s uv o

I have a lot of orange juice and a little less chocolate milk.

ie u uv oa i j oo s u ul k u i

I have a little juice and the same milk as the chick.

ie u ul oo s u ay z u

I have less juice than all the others.

ie oo s o u u u z

Find each bag described below.

I am sitting on the biggest bag.

ie z u

My bag is bigger than the other lady's bag.

ie z u u u u ay ea z

I have the biggest bag with a fish inside.

ie u u ie

My bag is not bigger than anybody's.

ie z u e ea ea z

I have a big bag and a big tag.

ie u u

My bag is the biggest bag with wheels.

ie z u ea z

My bag is the second biggest.

ie z u k u

I have a big tan bag.

ie u

Find each bird described below.

I have the smaller yellow hat.

ie            u            o u            oa

I have a small red hat.

ie            u            o

My hat is smaller than the orange hat.

ie            z            o u            u oa i j

I have a small purple hat.

ie            u            o            ul

I have the smallest hat of all.

ie            u            o            uv o

My hat is just smaller than the biggest hat.

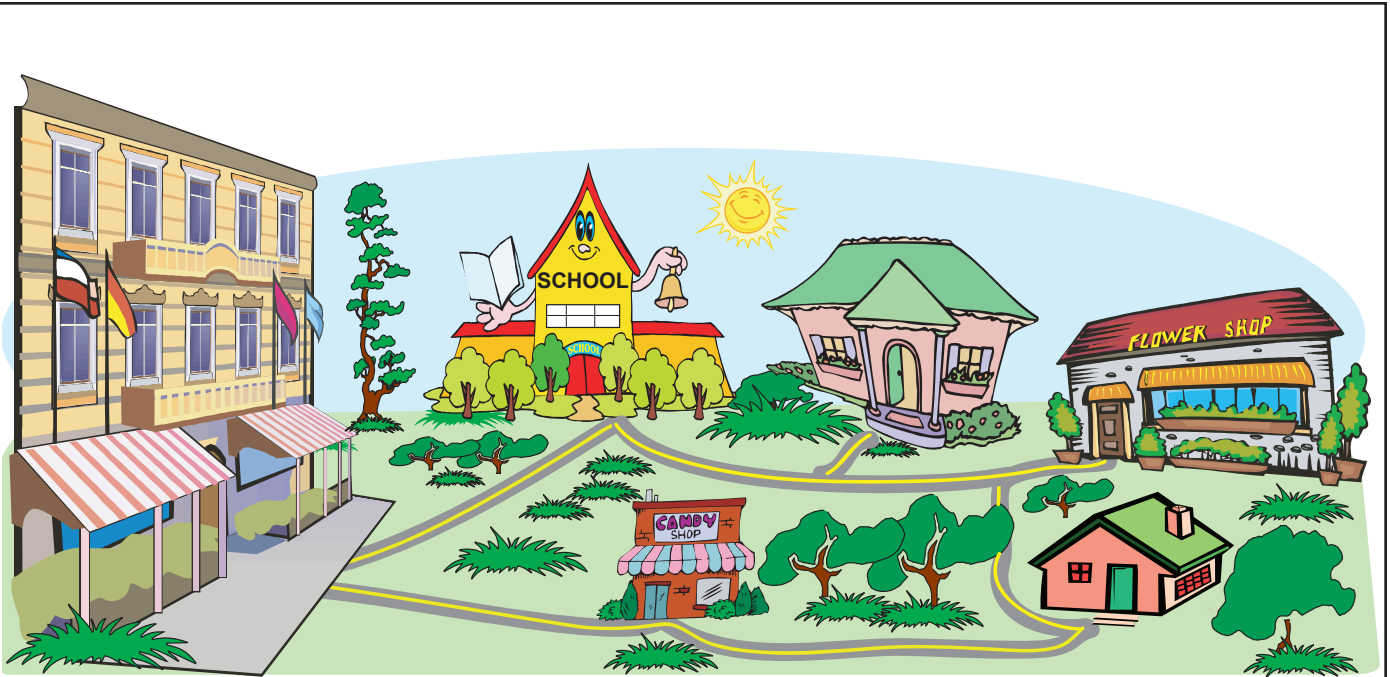

ie            z            o u            u

I have a small yellow hat.

ie            u            o            oa

I have the biggest hat of all.

ie            u            uv o

Find each building described below.

I am the smaller house.

ie            u            o u            ow

I am the biggest building in town.

ie            u

I am a store smaller than the school.

ie            u            oa            o u            u k

I am the bigger house.

ie            u            u            ow

I am the bigger store and you don't eat what I sell.

ie            u            u            oa            oo            oa            u            ie

I am the big building with the most windows.

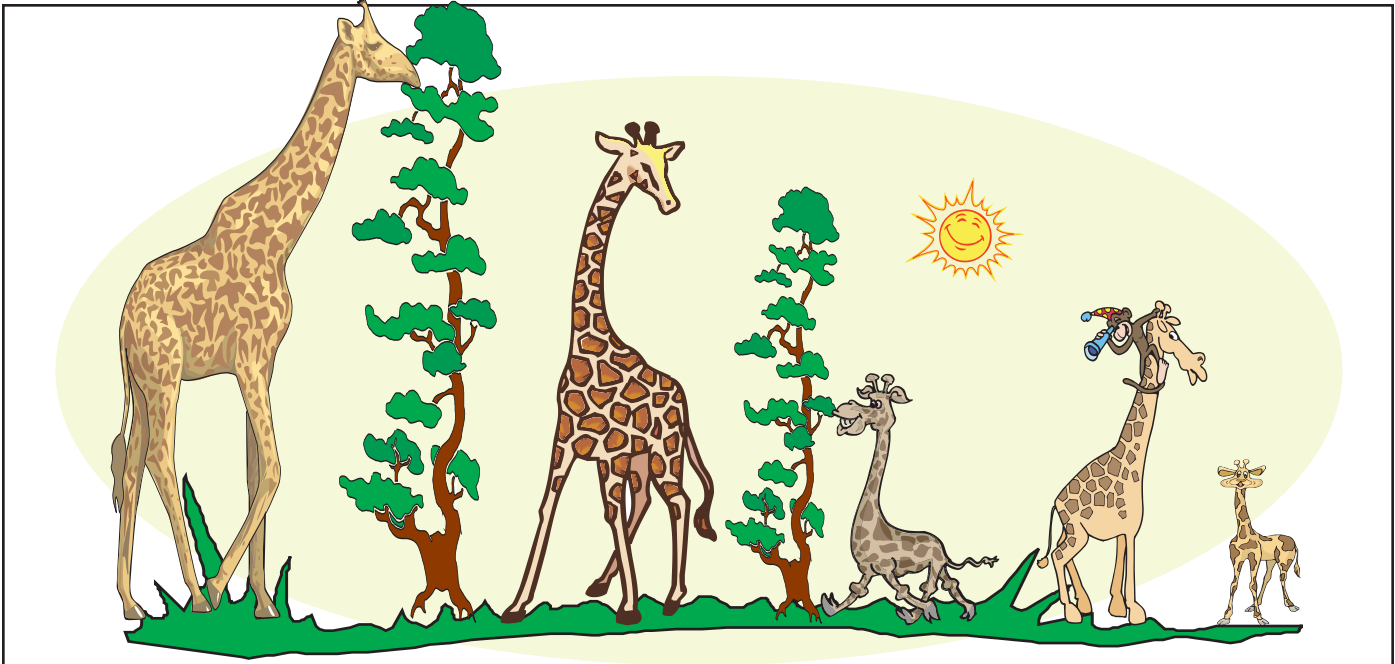

ie            u            u            u            oa            oa z

I am just a bit bigger than the smaller store.

ie            u            u            u            o u            oa

I am the smallest building that is not a house.

ie            u            o            z            u            ow

Find each giraffe described below.

I am the shortest one of all.

ie            u        oa            wu        u v o

I am next to the shortest giraffe.

ie            ks        oo        u        oa            j u

I am just shorter than the tree next to me.

ie                    oa u                    u        ea        ks        oo        ea

I am taller than the shorter tree.

ie            o u                    u        oa            ea

I am the shorter tree.

ie            u        oa            ea

I am the shortest giraffe next to a tree.

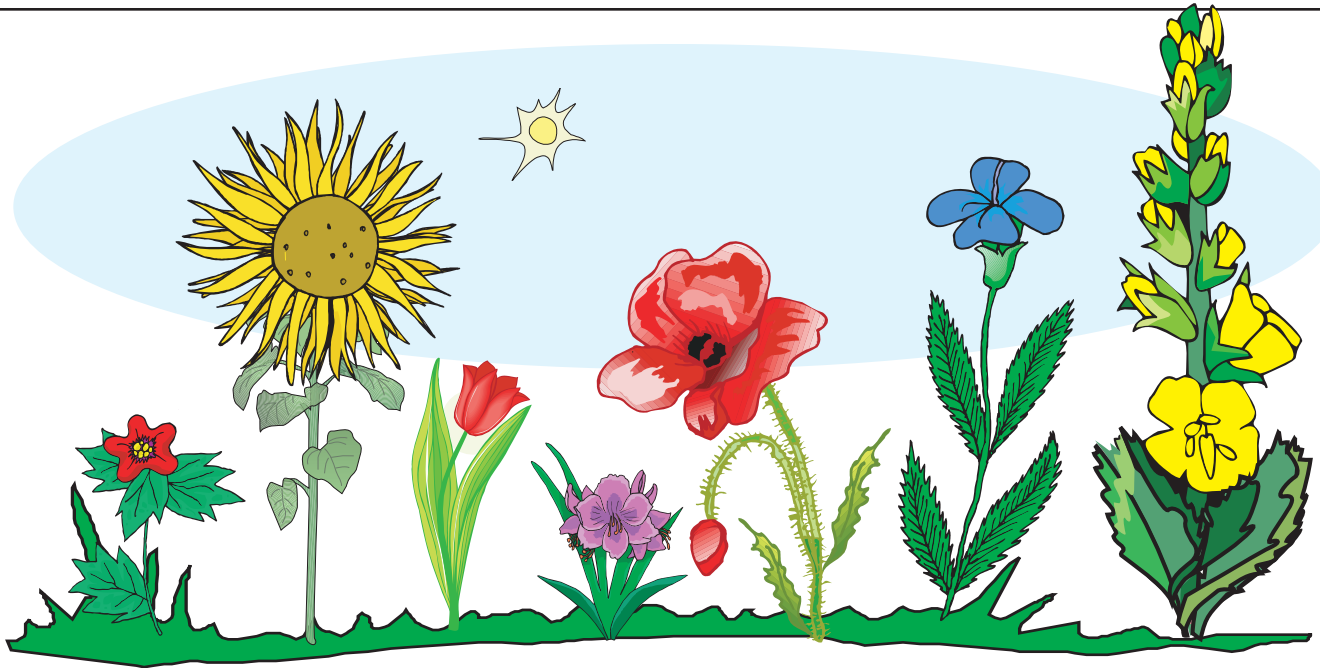

ie            u        oa            j u                    ks        oo u        ea

I am the taller tree.

ie            u        o            ea

I am the tallest giraffe next to a tree.

ie            u        o            j u                    ks        oo u        ea

Find each flower described below.

I am the tallest flower of all.

ie            u o                    u uv o

I am neither the tallest nor the shortest red flower.

ie            ea u            u o                    oa            u            oa                                    u

I am not tall at all.

ie                    o                    o

I am taller than the blue flower nearby.

ie            o u                                    u            oo                    u                    ie

I am the second tallest yellow flower.

ie                    u            ku                    o                    oa

I am the tallest red flower.

ie                    u o                                    u

I am taller than the red flowers but not as tall as the

ie            o u                                    u                                    u z                                    z o            z u

yellow flowers.

oa                    u z

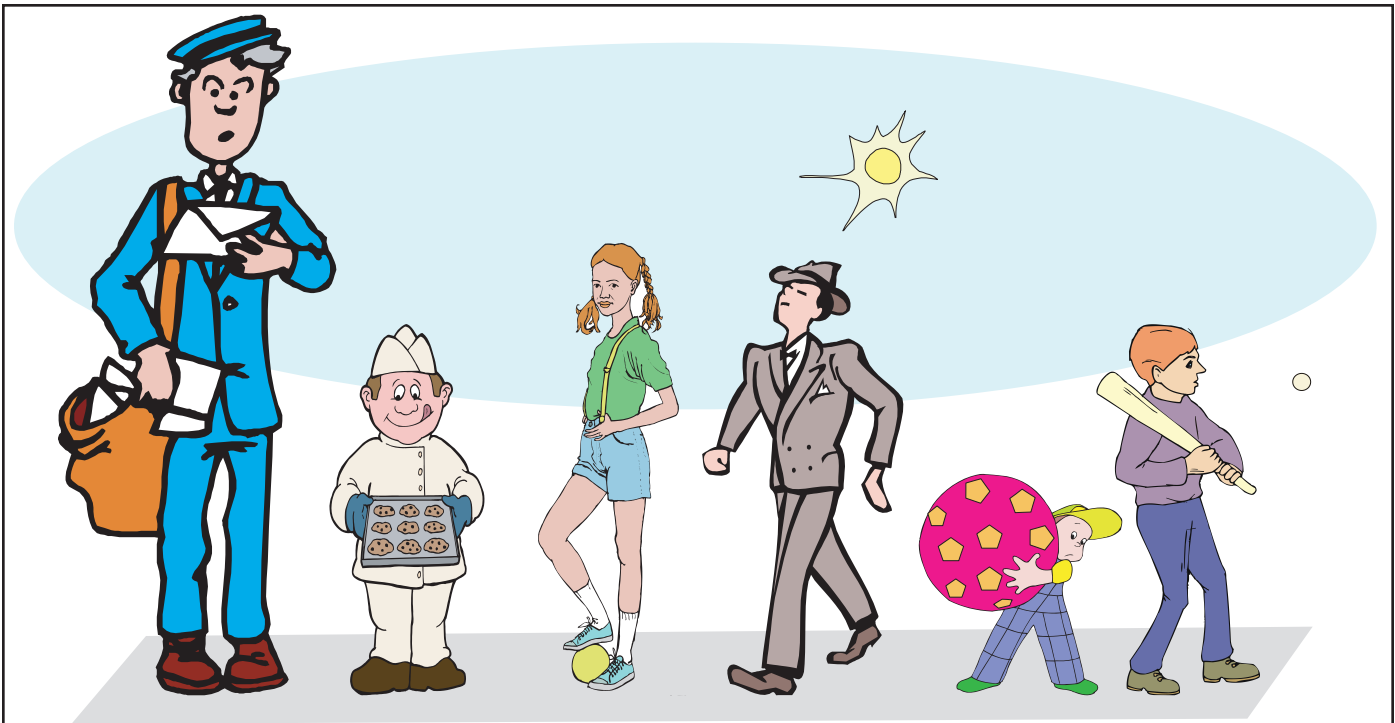

I am taller than the purple flower but shorter than two

ie            o u                                    u                    ul                    u                                    oa u                                    oo

of the red flowers.

uv            u                                    u z

Find each person described below.

I am the tallest adult.

ie u o u

I am the shortest child.

ie u oa ie

I am taller than the shortest child and shorter than the

ie o u u oa ie oa u u

tallest child.

o ie

I am the shortest adult.

ie u oa u

I am taller than all of the other children.

ie o u o uv u u u

I am shorter than all of the other adults.

ie oa u o uv u u u u

I am shorter than the tallest adult but taller than the

ie oa u u o u o u u

shortest adult.

oa u

I am the tallest child.

ie u o ie
